

Statement from MAdE Establishment Group

3 April 2017

The MAdE Establishment Group has confirmed today that we have paid \$2.6million to 162 of our team members this week after an external analysis we commissioned confirmed that employees had been incorrectly paid over the past six years.

We are truly sorry for the impact this has had on our incredibly hard-working, talented and dedicated team.

We are a family here at MAdE Establishment, and we care deeply about everyone who works with us.
